Logic Model Template – Faculty Level

**Inputs**
[Resources]

**Processes/Activities**
[Actions, Developmental Programs]

**Outputs**
[Products of Processes/Activities]

**Outcomes**
[Intended Effect of Outputs]

---

**What resources are available to achieve the activities and processes necessary to produce outputs related to faculty level outcomes?**
For example:
- Teaching center
- Civic Development Center
- Stipends
- Teaching Assistants
- Community organizations
- Support for conference travel

**What activities or processes are needed to produce outputs to reach faculty level outcomes?**
For example:
- Faculty development workshops
- Research colloquia
- Recognition days
- Assessment days
- Tenure/promotion revision

**What products should faculty produce to indicate evidence of outcomes attainment?**
For example:
- Scholarship of teaching and learning publications
- Course offerings
- Assignments that incorporate best practices
- Number of hours with community organizations

**What outcomes does the institution want to achieve with regard to faculty advancement and learning?**
For example:
- Greater engagement in scholarship of teaching and learning
- Increased involvement in local community
- Increased awareness of civic issues and course material
- Teaching with high impact practices
- Use of assessment to enhance teaching (and student learning)

---
